# NO SUGAR ADDED FRUIT FILLINGS

Designed to Support High-Volume,  
Better-for-You Bakery Production

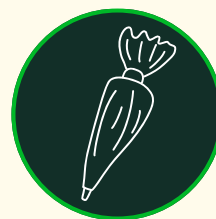

Developed for professional bakeries and  
foodservice operations, our No Sugar Added Pie  
Fillings deliver consistent texture, dependable  
bake stability, and authentic fruit flavor.

## KEY BENEFITS

### NO SUGAR ADDED

Supports reduced-sugar menu programs without sacrificing flavor, texture, or visual appeal.

### READY TO USE

Ready-to-use format eliminates prep time and ensures consistent application across production.

### BAKE STABLE PERFORMANCE

Maintains structure, viscosity, and fruit integrity during baking and extended hold times.

### CONSISTENT RESULT

Standardized viscosity and performance reduce variability and improve batch-to-batch consistency.

### REAL FRUIT APPEAL

Delivers authentic fruit appearance with consistent piece distribution and vibrant color.

### OPERATIONAL EFFICIENCY

Supports high-throughput production by reducing handling time and product waste.

### VERSATILE APPLICATIONS

Ideal for pies, cakes, pastries, danishes, cheesecakes, and more bakery applications.

### MODERN MENU SOLUTIONS

Helps bakeries expand better-for-you dessert options to meet consumer demand.

### PROFESSIONAL BAKERY PERFORMANCE

Developed for retail bakeries, commissaries, foodservices and industrial bakery environments.

### HIGH-VALUE PRESENTATION

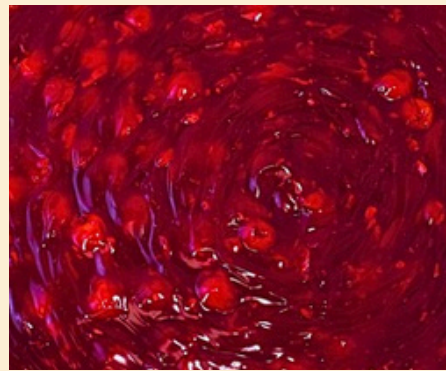

Delivers premium fruit appearance that enhances the finished product and increases appeal.
